Dear Tom:

As per your request we are sending you a copy of our permit application to the Bureau of Water Pollution Control. This document was prepared by the Davy McKee Corporation and includes information produced by Dames and Moore and Woodward Clyde Consultants.

This document describes the nature of the tailings and the proposed disposal methods which we believe will adequately prevent potential pollution of both surface and ground waters.

For your information, we have received our permit to construct the tailings dams at Reservation Canyon from the State Engineer.

We request that you hold this information confidential.

Very truly yours,

A handwritten signature in blue ink, appearing to read "Brian W. Buck".

Brian W. Buck,
Environmental Coordinator.
